BACK TO SCHOOL

SOCIAL DISTANCING SIGNAGE GUIDE

The emergence of COVID-19 across the world has led to uncertainty of how to safely allow schools to reopen. As students return to campus, it's important that we handle their arrival with the same caution that we did while they stayed at home. We've put together this guide of common areas where you may want to consider social distancing signage to keep students and employees safe. We would be happy to work with you on a custom signage plan for your facilities.

FLOOR GRAPHICS

Create one-way directional entrances and exits to your facility to decrease pedestrians passing in close proximity.

PLASTIC A-FRAMES

Signage at the entrance of each facility will allow you to outline your rules for entry.

SNAP FRAMES

Change out standard messaging as needed with building side custom frames and message inserts.

WINDOW GRAPHICS

Promote the standards you've put into place to keep your facilities safe with Window Decals.

SNAP FRAMES

Promote hand washing and safe distancing methods with customizable frames mounted to interior walls. Available in multiple colors.

FLOOR GRAPHICS

Promote spacing in typically crowded elevators and waiting areas by directing traffic to stand behind a line before entering. Place decals in elevator car for added safety.

RETRACTABLE FRAME

Place retractable frames in elevator lobbies to remind visitors of new occupancy restrictions.

FLOOR GRAPHICS

Create one-way directional entrances and exits to your facility to decrease pedestrians passing in close proximity.

SNEEZE GUARDS

Table Top guard on tables in studying or dining areas allows you to be seated in a safely enclosed space.

FLOOR DECALS

Creating spaces for waiting in line at an acceptable distance.

RETRACTABLE FRAME

Welcome students back and also reinforce good practices for social distancing.

SNEEZE GUARDS

Desktop Sneeze Guards provide a barrier for teacher and student interaction.

RETRACTABLE FRAME

Provide signage outside of classroom entrance that masks are required or state other protective measures that are in place.

CHAIR BACK DECALS

Special messaging promoting safety measures for students when in the classroom.

SNAP FRAMES

Promote hand washing and safe distancing methods with customizable frames mounted to interior walls. Available in multiple colors.

RETRACTABLE FRAME

Welcome students back and also reinforce good practices for social distancing.

FLOOR DECALS

Create one-way directional entrances and exits to your facility to decrease pedestrians passing in close proximity.

DESKTOP SNEEZE GUARDS

Provide sneeze guards or protective barriers for reception desk.
