AMI GRAPHICS

INNOVATIVE SOLUTIONS

ARTWORK REQUIREMENTS

AMI Graphics is proud to offer a full service creative department with custom solutions for all of your signage and design needs. With over 20 years of combined experience, our team is dedicated to delivering innovative design with results driven success.

FILE FORMATS

PREFERRED FORMATS

Vector files are preferred. Keep your artwork clean and crisp at any size without loss of quality when scaled by designing in one of the below file formats.

Ai | **PDF** | **EPS** | **Id**

ACCEPTED FORMATS

Pixel based raster images are acceptable, but may become blurry when enlarged if the recommended resolution is not used.

Ps | **JPG** | **PNG** | **DOC**

FONT SPECIFICATIONS

Aa

To insure that your text prints without font conflicts, please "convert all fonts to outlines", or provide font files.

COLOR SPECIFICATIONS

All artwork is printed in CMYK. Files submitted in RGB will be converted to CMYK, this may cause a color shift in the art. If Pantone colors are needed, please include in the artwork or notify your Account Manager.

FILE RESOLUTION

Pixel based art can be scaled and have a minimum resolution of **25 dpi at 100%** size & no larger than **150 dpi at 100%** size.

AMI Graphics offers the highest resolution print production output our printers provide. Our file resolution requirements do not reflect the maximum resolution output that our printers produce.

SENDING FILES

• Email your artwork to your Account Manager.

• Log onto our online proof site at amigraphics.com to upload your artwork. Please contact your Account Manager for a username and password. **NOTE: Maximum file size for uploads is 256mb.**

• **Files larger than 256mb:**
  Send your artwork using **we transfer** or **Dropbox**

• Upload your artwork to our FTP site with log-in information provided by your Account Manager. Please be sure to notify them once artwork is uploaded.
